Dear Brother Elliott:

Have been away. Sorry to get your letter. We would not have imposed on you for anything. Let me know how much extra and I will send you a check.

We've found it very difficult to be on a ranch and not occasionally have to be out of the saddle. I am sure Mr. Fred did not mean to impose on you. We all think so much of you. He is sorry for any inconvenience and certainly meant no harm.

We usually ride the pastures through the first and second week in March. By this time Spring and the grass is coming on. I doubt if he will need the pastures ridden but will check and if so, will let you know.

Spring Round-Up however is near at hand and starts Monday morning, May 3rd. We are counting on you as usual, especially for the first three or four days of that week. Kindly confirm this at your convenience.

We appreciate your fine help with the cattle, but most of all are grateful for your friendship.

Best to David and all your family.

Sincerely yours,

Gov. Bill
Bill Daniel
