

Dear Grandma -

I don't think you have a recent picture of me. Well, now you do. The 8x10 and two of the ~~the~~ calendars are for you and Pipaw. The other calendar is for Jennene (? I can't ever remember how to spell her name) and Jerry. The pictures in the calendars slide out if you'd rather carry them in your wallet.

Basic training is going all right. We only have two more weeks of actual basic then we start the part called AIT, where we learn how to fire the howitzers. ~~They have~~ If you and Pipaw ever get the chance to come visit Heather and I when we move here, they have a lot of attractions here I think you'll like.

They have the original Fort Sill buildings, including the jail and the jail cell that held Geronimo after they moved him here along the Trail of Tears. They have two museums. One is indoors where they have a lot of artifacts from major wars, and Indian and. The other one is outdoors where they have howitzers, tanks, missiles, and vehicles from the Korean War all the way through Desert Storm.

I really think that Papa would ~~really~~ enjoy the history here, and you would ~~too~~. I haven't had a chance to go into Lanton, but I've heard they have a lot of things to do.

Well, I really need to go. I have a lot of pictures still to mail. Feel free to write me, and I promise I'll write back. I have an hour every night, and usually I have things done to where all I do is write letters. If you do write back, I need your zip code. I'll write my address below, but on the back of the envelope you need to write "1st Platoon Warlords."

Love Always,

John
