Dear Friend,

As I sit in our den
having breakfast - looking
out the large windows at
Jockey Creek - I picked
up your wonderful letter
about the tides of life. My
mind was still and I was
observing all the pure "life"
around us - water, birds, and
all the vegetation - my thoughts
always turn to the "creator" of
all things and the words "this
must be heaven" also, in this
Garden of Eden" How blessed

we are with all these gifts
known & unknown.

And then I read your
beautiful words and again
realized how much of my life
has been doing what you felt
in and near the water. Thank
you for sharing these thoughts
with all of us. You have been
additionally blessed with the
gift of putting what you see and
feel into words for us to share.

Thank you again and may
His blessings be with you
all now and all of the time -

Graciously

Bill Gayton
