

"We know that all things work together
for good to them that love God."

Rom. 8:28

June 18, 1951

Dear Betty,

I've time to write
just a few lines. We went
to Reale's today, but our
P. A. system was on the blink,
so we weren't able to accom-
plish much. It is fixx-saw,
and in a few minutes we're
going back in Anne's jeep. It's
slow, so it takes a long time
when we have to practice "Becoming"
and "The Lord Prayer" with Robert
tonight. So, our day will be
very full. Also, I have to write
Prof. Rexrode a report for next
week. So, peace my next

writing much.

Betty, these next few days are going to take much prayer. When you pray for me, ask ~~God~~ to give very direct help to me about my impressions on people, and also in one decision that I've been afraid I'd have to face for a long time. I'm not afraid of the decision. I'm just afraid to make it the wrong way. I know you'd like to know, but just now I can't tell anyone but God. You may never know the way I make it, but I want it done right, because very, very much in some people's lives may be concerned. So, Betty, pray.

pray, hard and long, for God
to really reveal His will to
me, and then give me supreme
power and strength and wisdom to
do it. That's all I can ask plus
just that you be patient with me
for maybe a long time. I'll
write everyday, and may talk
to you about it some, then may-
be not. It'll not affect my
work here, so I know you'll
not let it bother you. Oh yes,
it is in God's hands, so don't
fret.

I must close, now. In
God's will I love you.

Your boy in God,
